

Lincad to exhibit at DPRTE 2014

Visit us on Stand B71

On 8th October, Lincad will be exhibiting at Defence Procurement, Research, Technology & Exportability (DPRTE) 2014. Being held at Motorpoint Arena Cardiff, DPRTE 2014 is the only event that brings all the key defence agencies under one roof. With over 1000 key decision makers from the MOD/Prime Contractor supply chain in attendance, it promises to offer us an excellent opportunity to demonstrate our proven ability to deliver specialist solutions to the specific power management needs of the military.
